Alfresco Contractors Inc.
2016 Aggregates Prices List
Gwynne Pit

Note: Rates are a bench mark and are subject to volume discounts and round trip time.

How do you know when you have good quality gravel?
Take a hand full of gravel and separate the natural stone from the fractured stone.
The more fractured stone, the better the gravel.

Aggregate Products	**F.O.B. $/t (Loaded at Pit)**
***County of Wetaskiwin $0.25 levy will be added to price of each tonne.**
